MY PROFESSIONAL EXPERIENCE

D'Onofrio Speech & Language, Private Clinic (6/01-present):

- Evaluating and treating speech and language disorders, craniofacial disorders, oromyofunctional disorders, sensory-motor speech disorders, voice and resonance disorders, narrative development, social thinking, and critical thinking skills. I treat children, adults, and families.

Speech Pathologists, PC, Portland (7/99-11/02):

- Evaluation and treatment of oromyofunctional disorders, verbal dyspraxia, articulation, and language disorders in children and stroke rehabilitation in adults.

Portland Veterans Administration Medical Center (10/99-6/00):

- Evaluation and treatment of dysphagia, aphasia, brain injury, and laryngectomy in acute, sub-acute, and outpatient settings. Facilitated aphasia treatment and support groups.

Oregon Health Science University Medical Center (6/99-9/99):

- Neurological acute care and inpatient rehabilitation of dysphagia, aphasia, and brain injury. Provided outpatient cognitive-linguistic treatment.
