

Sept. 28, 2015

Joclyn started the meeting of the Gum Gardeners with updating current membership numbers and reported on dues received and accepted dues before, during and after the class. She announced that there was a signup sheet next to the sign in sheet specifically for members that are willing to substitute. Finally Joclyn reported on the study club's charitable giving to the Providence Foundation and the Creston Dental clinic.

Before introducing Dr. Beadnell, I announced that I would be bringing sign up sheets for this years' CPR course (Jan. 25, 2016), both at the October and November classes.

Respectfully submitted,

President and Secretary,
Bev Hawks
