

A guide to buying IKEA appliances

APPLIANCES

All our appliances are developed to fit perfectly with our kitchens and your needs. Whether you prefer heating up food in the microwave oven or love spending hours in your kitchen cooking, this buying guide includes all the appliances you'll need to make your kitchen work like a charm for years to come.

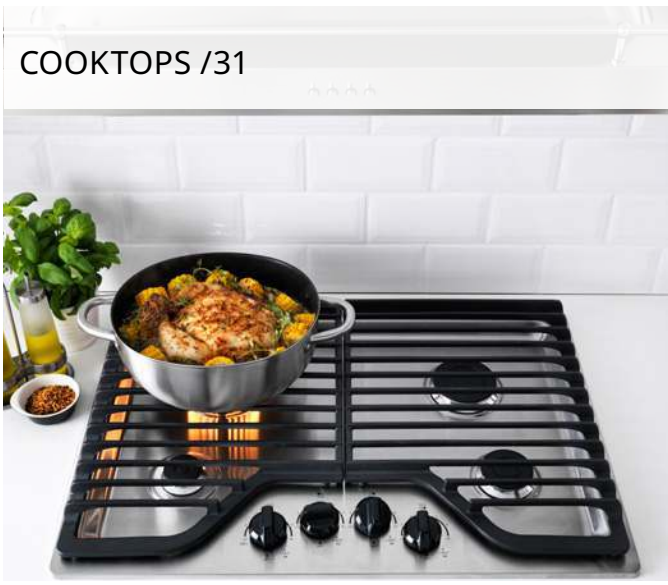

APPLIANCES YOU CAN RELY ON

We strive to create appliances that make your everyday life easier and help you live a more sustainable life at home. Packed with smart functions, they're built to stand up to everyday demands - now and for years to come. They are designed in every detail to enhance your chosen kitchen look, and to match each other perfectly.

5
Year Limited
Warranty
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliances come with a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

REFRIGERATORS

Efficient cooling is a cornerstone of a sustainable kitchen. The better your fridge and freezer work, the less food you will waste. Our refrigerators are ENERGY STAR® rated and packed with smart functions that will keep your food fresher, longer. For example: fan cooling which ensures an even and consistent temperature or a fast freeze option that quickly freezes large amounts of food or ice makers which really come in handy when you're hosting a party. Choose from top mounted, bottom mounted, French door or side-by-side models.

5
Year Limited
Warranty
Included

Whatever your choice, you can be sure your appliance is made to last. Our entire range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

ELECTRONIC DISPLAY It's easy to control functions and check or set temperatures and functions with our simple and intuitive electronic display panels.

HUMIDITY CONTROLLED CRISPERS You can preserve the freshness of fruits and vegetables by just adapting the humidity scale. The integrated air purifying system will also help to reduce food odors.

SPACIOUS STORAGE AND LED LIGHTING Our refrigerators offer plenty of storage. Adjustable shelves, multiple crispers and built-in door shelving let you arrange your food just the way you like. With integrated LEDs that light up every corner, you'll be able to see (and find) everything you've packed in – even that jar of pickles in the back.

RANGES

Our freestanding ranges offer a convenient way for you to get a quality cooktop and oven combined with all the functions too. Whether you choose an electric range with ceramic cooktop or a gas range, it'll fit perfectly between IKEA kitchen cabinets. You can opt for two ovens in one range – a good choice if you like to cook several dishes at once.

5
Year Limited
Warranty
Included

Whatever your choice, you can be sure your appliance is made to last. Our entire range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

GLASS CERAMIC COOKTOP provides even and effective heating through each cooking zone. The smooth surface is practical and easy to clean.

LARGE OVEN Our ranges boast large ovens and multiple levels so you can fit several dishes at once (or one big bird for those special occasions).

MADE TO FIT & LOTS OF FUNCTIONS All our ranges are made to slide in perfectly between IKEA cabinets, which makes planning your kitchen that much easier. Our ranges offer a variety of features, like custom broil and bake settings, adjustable racks and a self-cleaning function.

		Capacity	Single or double oven	Cooking levels	Custom bake and broil	Warming program	Sabbath mode	Self-cleaning/ water clean	Storage drawer	Free limited warranty

EXTRA STORAGE SPACE convenient drawer for storing things like baking sheets, frying pans and lids.

SAVE ENERGY by using the upper oven. This oven cavity is smaller and quicker to heat to the temperature needed for cooking a single dish at a time.

INNOVATIVE AND TIME SAVING SELF-CLEANING PROGRAMS FOR EASIER EVERYDAY COOKING.

SELF-CLEANING The self-cleaning function makes it easier for you to clean the oven, as grease and food residue are burned to ashes that can be easily brushed off.

WATER CLEAN The self-cleaning function is innovative and energy efficient using water and low heat to release the grease and food residue. When the cycle is complete just easily wipe off the leftovers.

OVENS

Our ovens are built-in, fitting perfectly in both base or high kitchen cabinets. You can place them exactly where you want them in your kitchen, making the most of your space and creating the perfect workflow for you.

They come with a wide range of smart functions ready to help with anything from a simple snack to a gourmet meal. If you're looking for advanced cooking or convenient self-cleaning programs we've got you covered.

Safety

Of course, quality and functions are top of mind when we design our ovens, but safety is a big priority, too. For example, our ovens have quadruple-glass doors so you can touch them at any temperature setting, and child locks for the little ones.

5
Year Limited
Warranty
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliances include a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

TRUE CONVECTION Cook food faster with a rear fan and a third heating element to circulate hot air over, under and around food.

LARGE OVENS & MULTIPLE RACKS The insides of our ovens have generous dimensions and several racks so you have enough space for lots of different dishes at once or several trays of the same delicious treat.

SELF-CLEANING This function makes your oven easy to clean – grease and food residue are burned to ashes that you can simply wipe away.

CUSTOM BROIL AND GRILL You can adjust the temperature of the broil and grill function, customizing it according to your cooking needs.

		Capacity	Single oven/ double oven	Thermal oven/ True air convection oven	Self- cleaning	Cooking levels	Custom bake and broil	Electronic timer	Warming program	Free limited warranty

MICROWAVE OVENS

When the hustle of everyday life leaves you with the need for speed, a microwave oven is a great choice in every way. Microwave ovens are quick, energy efficient and perfect for reheating and defrosting.

With today's technology, we've got models with extra cooking functions, too. We also offer microwave ovens with exhaust fans built into the bottom that you can place directly above your cooktop.

5
Year Limited
Warranty
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliances include a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

SET UP TO WORK SMART A combination of microwave oven and exhaust fan is a smart use of space and also one way to create an ergonomic, organized and smooth work flow that's just right for you.

BUILT-IN EXHAUST FAN A microwave oven with exhaust fan does more than just reheat and defrost – it keeps your kitchen free of grease and cooking odors.

EASY TO USE A space-saving combination with very practical and easy-to-use controls that lets you operate the microwave and the exhaust fan at the same time.

One light bulb included, effectively illuminates the cooking surface.

Technical Information:

Noise level: low speed 2 sones, high speed 5.2 sones.
Extraction rate in exhaust/ventilation mode: 300 CFM.
Output power microwave: 900W.
10 power levels.
Electronic timer.
Voltage: 120V.
Rotating turntable Ø12".
Child lock for increased safety in the kitchen.

Measurements:

W29¾×D16×H17¼"

MICROWAVE OVENS WITH EXHAUST FAN

BETRODDMicrowave oven
with exhaust fan**\$229**

Stainless steel 403.364.54

**Key Features:**

- Capacity: 1.7 cu.ft.
- Combination of microwave oven and integrated exhaust fan with two different speeds.
- With Cook program specific times and cooking powers have been preset for certain foods, so you can easily select suitable settings for the right type of food.
- You can reheat or defrost without affecting the nutrients or flavors of foods by just selecting the settings for specific food types.
- Make perfect popcorn or bake delicious potatoes using the special preset functions that will adapt the time and right temperature automatically.
- Can be installed in two ways: ducted to the outside or in recirculation mode fitted with charcoal filter.

Accessories:

One dishwasher safe grease filter included.
One light bulb included, effectively illuminates the cooking surface.

Technical Information:

Noise level: low speed 2 sones, high speed 5.2 sones.
Extraction rate in exhaust/ventilation mode: 300 CFM.

COOKTOPS

We have a variety of cooktops to choose from, so you can find the one that suits the way you cook. Each type – gas, ceramic and induction – has its own unique benefits and features. Whether you're an ambitious home chef or more of a quick and low-maintenance cook, we have a cooktop that's right for you. Check out the descriptions on the following page for the benefits of each type of cooktop we offer.

5
Year Limited
Warranty
Included

You can be sure your appliance is made to last. Our appliances include a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

Faster. Safer. More precise.

Induction cooktops are fast, precise and extremely energy efficient since the technology they use transfers heat directly into any magnetic cookware.

The power booster delivers additional power to a single cooking zone. This kind of rapid intense heat is ideal for boiling water, stir-frying food or searing meat.

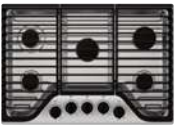

GLASS CERAMIC Practical and easy to clean, most of our glass ceramic cooktops have variable cooking zones that provide even and effective heating adapted to the shape and size of your cookware. With just a touch you can select features and regulate the heat exactly the way you want.

GAS The blue flames of gas cooktops are more than a professional-looking feature, they give you quick, responsive heat control, perfect for fast, fresh cooking.

INDUCTION Fast, energy-efficient and precise, induction cooktops only heat up the magnetic cookware on top, making them a very safe option, too.

INDUCTION COOKTOPS

NUTID
4-element
induction cooktop
\$999

Black 501.826.20

**Key Features:**

- Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware.
- The power booster feature delivers additional power to a single cooking zone, ideal for boiling water, stirfrying food or searing meat.
- The touch control panel allows you to regulate the heat easily and precisely.
- Individual timers allow you to time each zone separately.
- Pause/keep warm function allows you to suspend the cooking process if you're interrupted, then restart again at the same temperature in an instant.
- When the pause function is activated the cooking zone is automatically switched to the keep warm setting.
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface.
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself.

Technical Information:

1×1400W induction zone.
2×3200W induction zones with booster.
1×1800W induction zone.
Voltage: 220-240V.
Fits countertops with a minimum thickness of 1 3/16".

Measurements:

W30¾×D20¾×H2½"

PORTABLE INDUCTION COOKTOP

TILLREDA
Portable induction
cooktop
\$4999

White 504.223.90

**Key Features:**

- Instant and precise heat control with touch control.
- The powerful fry function gives you instant heat for stir frying.
- The timer is perfect for cooking eggs, pasta and rice.
- Easy to clean, food spills or liquids will not burn on the surface.
- Child lock can be activated.
- Perfect for the smaller kitchen or wherever you need an extra cooking zone.
- You can quickly start cooking since the cooktop easily plugs in with the included plug.
- This cooktop is easy to stow as you can use the holes in the back to hang it, or use the handle as a hook.

Technical Information:

1×1800W induction zone.
Voltage: 120V.

Measurements:

W11¾×D15¾×H2½"

RANGE HOODS

Not only does a range hood keep the kitchen free of steam, grease and cooking smells, it's also an important design element.

Whether you're looking for a ceiling-mounted hood for over a kitchen island or a wall-mounted model, we've got you covered. Our hoods come in a range of extraction capacities too, so you can be sure to get one with the right amount of muscle to keep your kitchen fresh.

5
Year Limited
Warranty
Included

You can be sure your appliance is made to last. Our appliances include a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

WALL-MOUNTED These hoods are design features, so we offer a variety of shapes and finishes. That way, you can find the right one to boost your kitchen's style.

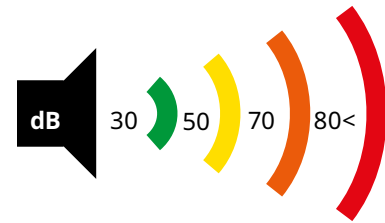

BUILT-IN Hide your range hood with a built-in model. It's completely integrated with your kitchen cabinets so you get a streamlined and uniform look.

STYLE AND SIZE A range hood can make a big style statement, whether you pick one that's similar to your other appliances or go for something different to create a casual, eclectic look. Whatever you choose, be sure you get a hood that covers your cooking area (or even a little more) to ensure ideal performance.

SOUND LEVELS

1. Sound levels for appliances are measured in decibels (dB) and sones. Our appliances have been tested to determine and measure this.
2. For extractor hoods the operating speed or installation type can influence sound levels.
3. Decibel levels are listed in the product information. Compare decibel levels and choose the hood that's suitable for your needs and comfort.

DISHWASHERS

Using a dishwasher is more water and energy efficient than washing dishes by hand. And, with sterilizing functions, it's more hygienic too. We offer both fully integrated and semi-integrated models, but whichever you choose you'll get a tall interior space where you can fit oversized dishware and large loads.

All our dishwashers are ENERGY STAR® rated and come with a free limited warranty.

5
Year Limited
Warranty
Included

You can be sure your appliance is made to last. Our appliances include a free 5-year limited warranty (except LAGAN and TILLREDA). For details see page 56.

WATER EFFICIENT Lots of dishes will be sparkling clean with just a small amount of water.

SMART SORTING Our flatware baskets let you stand utensils up, ensuring they're thoroughly cleaned. Once the wash is done, they're easier to sort and put away too.

BUILT-IN Installation is easy with a built-in dishwasher. They're sized to slide right in under your countertop.

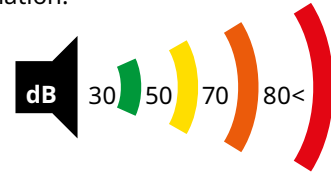

INTEGRATED Our fully integrated dishwashers can hide behind a front that matches the rest of your kitchen doors, giving you a completely uniform look.

SOUND LEVELS

Sound levels for appliances are measured in decibels (dB). Our appliances have been tested to determine and measure this. For dishwashers the operating program or installation type can influence sound levels. Decibel levels are listed in the product information.

Compare decibel levels and choose the dishwasher that's suitable for your needs and comfort. Look for the decibel (dB) level of an appliance listed in the product information.

Save water the easy way.

You save a lot with a dishwasher. It cuts your water use by hundreds of gallons a year compared to washing by hand under running water. Saving water means saving energy to heat the water, too. You save money on bills and live a more sustainable life.

Energy-efficient and smart features.

There is no need to waste more energy and space inside your refrigerator with water gallons or ice containers. Thanks to the door integrated water dispenser and ice maker you get easy access to cold filtered water, ice or crushed ice any time you want.

LIMITED WARRANTY – TERMS AND CONDITIONS

APPLIANCES

5
Year Limited
Warranty
Included

How long is the IKEA limited warranty valid?

This limited warranty is valid for five (5) years from the date of purchase. TILLREDA and LAGAN appliances have a two (2) year warranty, valid from the original date of purchase. When this major appliance is operated and maintained according to instructions for use attached to or furnished with the product.

This limited warranty is valid only in the United States and applies only when the major appliance is used in the country in which it was purchased. Outside the 50 United States, this limited warranty does not apply.

Proof of original purchase date is required to obtain service under this limited warranty.

What does this limited warranty cover?

The limited warranty will pay for factory specified parts and repair labor to correct defects in materials or workmanship that existed when the major appliance was purchased. The exceptions are specified under the headline "What is not covered under this limited warranty?".

Which major appliances are not covered by the IKEA five (5) year limited warranty?

For major appliances named "TILLREDA" or "LAGAN", a limited warranty is valid for two (2) years from the date of purchase.

What will be done to correct the problem?

The designated service company will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, the designated service company will then repair the defect. Your sole and exclusive remedy under this limited warranty shall be product repair as provided herein.

Within the warranty period, the costs to remedy the fault e.g. repairs, parts, labor and travel will be covered, provided that the appliance is accessible for repair without special expenditure.

Who will execute the service?

The designated service company will provide the service through its own service operations or authorized service partner network.

What is not covered under this limited warranty?

- Service calls to correct the installation of your major appliance, to instruct you on how to use your major appliance, to replace or repair house fuses, or to correct house wiring or plumbing.
- Service calls to repair or replace appliance light bulbs, air filters or water filters. Consumable parts are excluded from warranty coverage.
- Replacement parts or repair labor if this major appliance is used for other than normal, single-family household use or when it is used in a manner that is contrary to published user or operator instructions and/or installation instructions.
- Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, installation not in accordance with electrical or plumbing codes, or use of consumables or cleaning products not approved for use.
- Cosmetic damage, including scratches, dents, chips or other damage to the finish of your major appliance, unless such damage results from defects in materials or workmanship and is reported within 30 days from the date of purchase.
- Any food loss due to refrigerator or freezer product failures.
- Pick up and delivery. This major appliance is intended to be repaired in your home.
- Repairs to parts or systems resulting from unauthorized modifications made to the appliance.

- Expenses for travel and transportation for product service if your major appliance is located in a remote area where service by an authorized servicer is not available.
- The removal and reinstallation of your major appliance if it is installed in an inaccessible location or is not installed in accordance with published installation instructions.
- Replacement parts or repair labor on major appliances with original model/serial numbers that have been removed, altered or cannot be easily determined. This warranty is void if the factory applied serial number has been altered or removed from your major appliance.
- The cost of repair or replacement under these excluded circumstances shall be borne by the customer.

Disclaimer of Implied Warranties

IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO FIVE YEARS (TWO YEARS FOR MAJOR APPLIANCES NAMED "TILLREDA OR LAGAN") OR THE SHORTEST PERIOD ALLOWED BY LAW. Some states do not allow limitations on the duration of implied warranties of merchantability or fitness, so this limitation may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

Limitation of Remedies; Exclusion of Incidental and Consequential Damages

YOUR SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE PRODUCT REPAIR AS PROVIDED HEREIN. THE DESIGNATED SERVICE COMPANY SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

Care instructions

All appliances are designed for domestic/home use only.

To ensure maximum performance, read and follow the Instructions for Use that accompany your new appliance. It is also important to follow the health and safety instructions, which, for instance, recommend that there are always two people to carry/ move heavy appliances.

Be sure there is a socket outlet near the appliance. Never use an extension cord.

We strongly recommend that you ensure correct and safe installation by hiring a professional plumber and/or electrician whenever relevant. If problems should arise due to incorrect installation, the limited warranty will not apply.

Respect the environment by disposing of the packaging properly. Keep packaging such as large plastic bags out of the reach of children.

Always keep your appliances clean. Use only those cleaning products recommended in the instructions for use. For example, never use abrasive scouring pads as they may scratch or damage surfaces.

Be sure to use products intended for use with your appliances. For example, be sure to use microwave safe porcelain, oven safe dishes, freezer safe food savers and pots and pans made of a suitable material.

Read more in the Instructions for Use that comes with the products.

Ovens

- Must be installed by a professional.
- Before you use the oven for the first time, follow instructions to eliminate any odor and remove stickers, etc.
- For ordinary cleaning, use water and a mild detergent. Avoid abrasive cleaning products.
- Do not hang towels on the oven handle while the oven is in use.

Cooktops

- Must be installed by a professional.
- Use only non-abrasive cleaning products. Avoid scouring powder, steel wool, hard or sharp objects that can scratch the surface.
- To improve child safety, consider complementing with a cooktop guard.
- For both gas and electric cooktops: save energy by using pots and pans with a base diameter equal to, or slightly larger than, the diameter of the burner.
- If you are using LPG bottled gas, you must replace the gas injectors with the available LPG gas kit.
- For gas cooktops: fit the rubber seal properly. It prevents water leakage, which may damage the countertop.
- For induction cooktops: use only pots and pans with a magnetic base for induction cooking.
- For glass ceramic cooktops: use only pots and pans with a flat base.
- For glass ceramic cooktops: always remove spills from sugar/milk/rice or pasta water, because they may cause opaque or matt stains on the surface.

Hoods

- Install the hood in the way that suits your kitchen; either recirculating or extracting.
- Using extension tubes and flues reduces the hood's performance. The maximum length of a duct should not exceed 3 m (10 ft).
- Always observe the minimum safety distance between cooktop and hood. This distance varies depending on country and cooktop type. Refer to installation instructions of the product for full details.
- Change carbon filters every 3 months and clean metal grease filters regularly to optimize performance.
- Make sure to clean oil/grease off of the hood regularly.

Microwave ovens

- Do not put metal of any kind inside the oven.
- Use only those materials approved for microwave cooking.
- Be sure the ventilation vents are unobstructed.
- Do not remove or block the turntable when cooking in a microwave.

Dishwashers

- Hire a professional to install the water and electricity.
- Set the correct level of water hardness (pH-value) in the rinse aid dispenser.
- Use detergent specifically developed for automatic dishwashers.
- For best results, make sure there is enough rinse aid and detergent and that they are placed in the correct dispensers.
- Empty and clean the filter regularly, if applicable.
- Always load sharp items, such as knives, pointing downwards in the removable cutlery basket for safety reasons. Don't load these in the dish compartment to avoid damaging the dishwasher.

Fridge/freezers

- Be sure to place the fridge/freezer where there is sufficient air ventilation around it. A freestanding unit must never be placed inside kitchen cabinets because this obstructs air ventilation and may cause the product not to work properly and damage it.
- Keep the condensation drainage hole at the back of the fridge clean and free of blockages to enable the frost-free system to work.
- Make sure food has cooled down first before placing it in the fridge or freezer. Hot food causes excessive condensation and ice to build up in the freezer, resulting in reduced performance.
- Avoid using sharp tools to defrost your freezer – they can damage the internal plastic lining.

How to reach us if you need our service

Please call the number given in the documentation that comes with the product. To make sure that we can give you the best assistance, please read the Instructions for Use carefully before contacting us. Please also have the IKEA article number for your appliance at hand before calling us. You'll find this 8 digit number on your receipt as well as on the rating plate of the appliance.

Steps to buying an IKEA® kitchen

IKEA kitchens are designed so you can install them yourself and below are some steps to ensure the process goes well for you. We also have tools and tips that'll help you design your dream kitchen. Our kitchen IKEA Home Planner is there to help online, and our experts at the store or on the phone will guide you each step of the way.

GET INSPIRED

It's time to dream a little, look at some ideas, consider your needs and decide what an ideal kitchen means for you. This brochure is made to give you an overview of some of the possibilities but there is so much more. You can find more ideas and inspiration on our website (IKEA-USA.com/kitchens) or by visiting your local IKEA store.

PLAN

Planning your kitchen is when your dreams and ideas take shape. Use the online IKEA Home Planner tool to start planning your kitchen at IKEA-USA.com/kitchenplanner. Or, if you would like some advice we have kitchen planners ready in the store to help.

➤ **We can do it for you**
To learn more about our Kitchen planning services, view opposite page.

MEASURE

Measuring your kitchen isn't hard to do, but it's important you get it right because your measurements will be the basis for all your planning. To see exactly what to measure, pick up a copy of the Kitchen planning guide, *Your new IKEA kitchen*, at your local IKEA store or go to IKEA-USA.com/buyingguide

➤ **We can do it for you**
Need some help? Find out about our Measuring Service at IKEA-USA.com/kitchenservices

Planning guide

Our planning guide is your guide to measuring, ordering and installing your new IKEA kitchen. Pick it up at your local IKEA store or check it out at IKEA-USA.com/buyingguide

GET TO KNOW OUR PRODUCTS

Our two Buying Guides will help you get to know our products. They will give you detailed information about our kitchen range and all the things you need to create your dream kitchen. Pick up a copy at your local IKEA store or download a copy online at IKEA-USA.com/buyingguide

ORDER

When you're satisfied with your planning, drop by your local store to visit our kitchen experts. They will go over your kitchen plan with you, and help you with anything you're not sure about. When you're ready you can order and we can help arrange delivery and other services too. Delivery and in-home services are provided by an Independent Service Provider.
