### Gratuities & Tipping

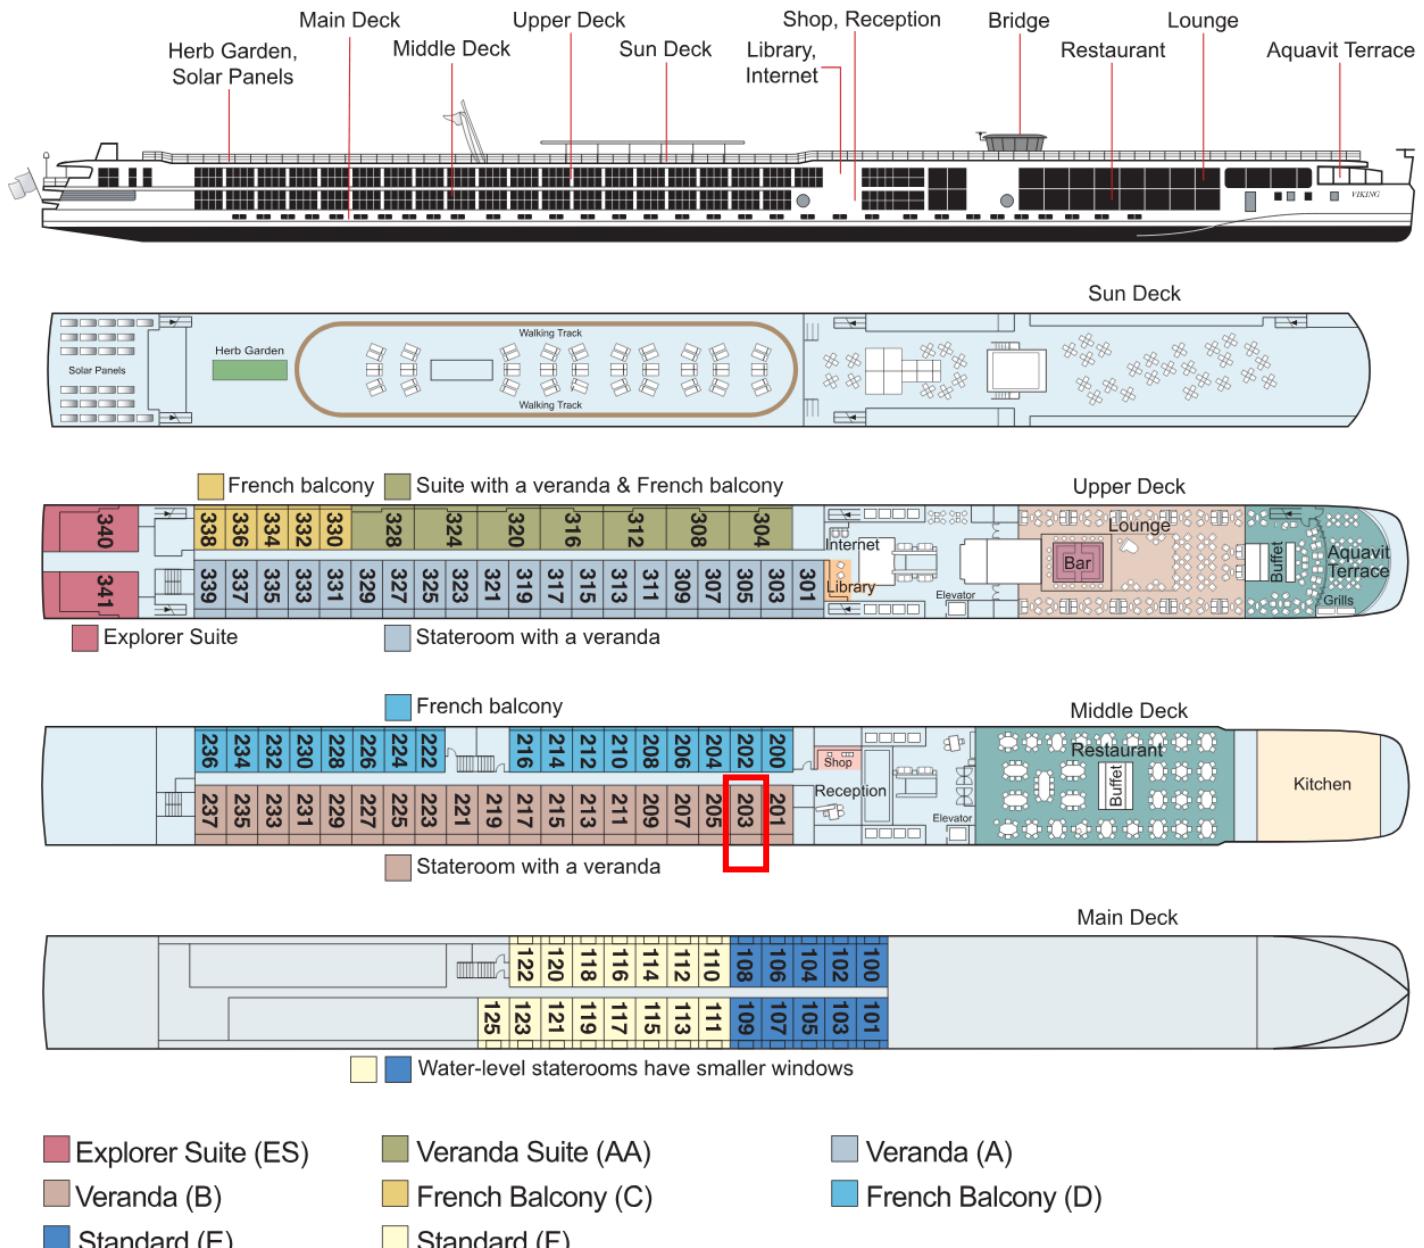

Our onboard staff is dedicated to providing you with the best cruise experience possible, and it is customary to give gratuities in recognition of their service. How much you choose to tip is a personal matter and completely at your discretion. We offer two ways to manage your gratuities: you can relax and enjoy your journey by pre-purchasing gratuities on [MyVikingJourney.com](http://MyVikingJourney.com) at our standard recommended rate of \$20 per guest per day; or, we will automatically add a discretionary service charge of €20 per guest per day to your shipboard account, which appears on your final invoice at the end of your cruise. This charge will be shared among the onboard staff who helped support and provide for your cruise experience, including the Program Director, waitstaff, stateroom stewards, galley staff, nautical staff and others; this charge will also be shared with the Program Director for the land portions of our Elegant Elbe, Cities of Light, and Paris to the Swiss Alps itineraries. Should you wish to make changes to the gratuity amounts, stop by Guest Services once you are on board.

Any additional tipping is at your discretion. Should you choose to tip your local guides and/or drivers, we recommend doing so in cash. We suggest €3 per person per day for local guides and €2 per person per day for drivers.

Please be aware that if you are taking part in a pre- or post-extension, your local Viking host or the Tour Director escorting you are not included in the onboard gratuity. We suggest €3 per person per day.

Please note most restaurants include service in their prices, and it is customary to round up generously for good service.
